ADAGIO

'A sequence of well controlled, graceful movements performed as a display of skill'

ADAGIO

Part of our new luxury Symphony range, the Adagio saddle has been designed specifically for the Dressage discipline with a more contemporary look. The Adagio saddle delivers exceptional performance within a modern design.

The Adagio has a Mono flap to provide close contact between the horse and rider; and a large block securing the riders position allowing for a straighter leg.

Built on a Laminated Beech wood tree with a round cantle and medium twist, it has a medium depth seat resulting in an accurate and secure riding position.

A Nubuck seat and thigh area as standard, with the option of Bison or soft covered hide skirts. A padded, quilted flap also gives the rider extra comfort and style.

Wool flocked panels provide better fitting and adjustability for the horse. With a full front gusset as standard or $\frac{3}{4}$ front gusset as optional and a generous gullet to minimise pressure on the horse's spine.

A concealed girth arrangement with point strap secures the front of the saddle.
